

CAMPING FREEZERS AND COOLER BOXES – EX JHB

Code | Description

3-WAY CAMPING FREEZERS

CF45GES

Packaged dimensions : 525mm (H) x 685mm (W) x 560mm (D)

Physical dimensions : 495mm (H) x 655mm (W) x 530mm (D)

Weight : 28kg

Model - Finish : CF45GES - Stainless Steel

Wattage (W) : 130W

Power consumption / 24h : Gas - 400g (approx)

: Elec - 0.13 Kwh

: 12V - 10.83 AMPS

Energy sources : LP Gas

: 220 Volt

: 12 Volt

Performance : -12°C @ +32°C

Product Information : Electric Thermostat (220 Volt)

: Gas Thermostat (Optional)

: Flame Indicator

: Ignitor

: Gas Safety Valve

: Metal Lock & Catch

: Metal Carry Handles

: Metal Hinges

: Absorption unit covered

: Gas Hose & Regulator

Warranty : 3 Year (South Africa Only)

CF70GES

Packaged dimensions : 695mm (H) x 685mm (W) x 560mm (D)

Physical dimensions : 665mm (H) x 655mm (W) x 530mm (D)

Weight : 32kg

Model - Finish : CF70GES - Stainless Steel

Wattage (W) : 160W

Power consumption / 24h : Gas - 450g (approx)

: Elec - 0.16 Kwh

: 12V - 14.5 AMPS

Energy sources : LP Gas

: 220 Volt

: 12 Volt

Performance : -12°C @ +32°C

Product Information : Electric Thermostat (220 Volt)

: Gas Thermostat (Optional)

: Flame Indicator

: Ignitor

: Gas Safety Valve

: Metal Lock & Catch

: Metal Carry Handles

: Metal Hinges

: Absorption unit covered

: Gas Hose & Regulator

: Basket x 1

Warranty : 3 Year (South Africa Only)

CF90GES

Packaged dimensions : 695mm (H) x 685mm (W) x 680mm (D)

Physical dimensions : 665mm (H) x 655mm (W) x 650mm (D)

Weight : 36kg

Model - Finish : CF90GES - Stainless Steel

Wattage (W) : 200W

Power consumption / 24h : Gas - 500g (approx)

: Elec - 0.2 Kwh

: 12V - 14.5 AMPS

Energy sources : LP Gas

: 220 Volt

: 12 Volt

Performance : -12°C @ +32°C

Product Information : Electric Thermostat (220 Volt)

: Gas Thermostat (Optional)

: Flame Indicator

: Ignitor

: Gas Safety Valve

: Metal Lock & Catch

: Metal Carry Handles

: Metal Hinges

: Absorption unit covered

: Gas Hose & Regulator

: Basket x 1

Warranty : 3 Year (South Africa Only)

CAMPING FREEZERS AND COOLER BOXES – EX JHB

COOLER BOXES

CF45CB

Packaged dimensions : 525mm (H) x 685mm (W) x 440mm (D)

Physical dimensions : 495mm (H) x 655mm (W) x 410mm (D)

CF65CB

Packaged dimensions : 525mm (H) x 685mm (W) x 560mm (D)

Physical dimensions : 495mm (H) x 655mm (W) x 530mm (D)

CF70CB

Packaged dimensions : 690mm (H) x 685mm (W) x 440mm (D)

Physical dimensions : 660mm (H) x 655mm (W) x 410mm (D)

CF90CB

Packaged dimensions : 690mm (H) x 685mm (W) x 560mm (D)

Physical dimensions : 660mm (H) x 655mm (W) x 530mm (D)

- **Your freezer**
- has 75mm foam insulation which increases your cold hold over time when not switched
- on compared to other freezers.
- has no moving parts inside the absorption system which makes repair and maintenance
- inexpensive.
- is level sensitive hence proper levelling must be done when stationary.
- is proudly manufactured in South Africa.
- is capable of freezing to 44°C below ambient.
- Example: -12°C @ 32°C
- -20°C @ 20°C
- is capable of freezing 2 kg of water in 24 hours while keeping everything else frozen.
- is equipped with a gas safety valve which will cut the gas flow to the burner in less than 60 seconds in the event of the burner flame going out.
- will only use between 400 - 500g of gas per 24 hours. A 9 kg gas bottle will last you
- approximately 18 - 21 days.
- gas function is ideal for those unforeseen black outs at home.
- Gas or 220V is used when stationary so there is no need for forced drives to charge
- batteries.
- A dual battery system is not required as the 12v function is only used while travelling.
- **Your Cooler Box**
- has 75mm foam for maximum insulation.
- has a aluminium bin to transfer the cold all around.
- is perfect to keep your meat frozen for those long weekends.
